CHICAGO, ILL.

No. 250 Wells Street, Chicago, Int., Feb. 20, 1902. I have a fine family of six sons and two daughters, and my life has I have a fine family of six sons and two daughters, and my life has been spent in securing their highest welfare and happiness. In order to accomplish this I realized long ago that as I had perfect health myself so was I better enabled to spread sanshine and happiness. I had been suffering for years with troubles in the pelvic organs, brought on through neglect at the time my children were born. I had intense bearing-down pains at times and found no relief until I accidentally heard of a friend who was remarkably restored through the use of Wine of Cardui. I took it and was much pleased with the results. Within two weeks my general health had improved and I kept on getting better until within nine weeks I had fully recovered perfect health. I felt very pleased, indeed, and could hardly believe my good fertune, but time went on and my fine health continued. Life looked light and bright to me and work came easy.

As years went on the time for my climatrix approached and I found poculiar impleasant sensations, but flushes and shocking or dizzy feelings alternated. I became nervous and lost much of my general good nature feeling irritable, irrational, and sometimes it would seem my strength had left me. I again took Wine of Cardin and found it the same true, helpful friend as before. I took it off and on for three years and it carried me sufely through this critical period. Since that time it has been the only medicine I have used. I am a happy grandmother, my children have Wine of Cardui when they feel bad and all have the same good faith in it I have. God bless you and prosper you. You certainly deserve success.
